Organic Weakness,

Immediately cured and full higor restored.

The constitution always suffers more or less when any of the secretions or discharges, established by the laws of nature, are arrested or retarded; but from none does more evil arise than from obstruction, or none does more evil arise than from obstruction, or suppression of the menses. This is sure in time to bring on a train of complicated and obstinate discases, such as pains in the head, back, loins, and abdomen; determination of blood to the head, and consequent dizziness, cold extremities, but especially cold feet; loss of appetite, contiveness, and general debility; Cough, Palpitation of the Heart, Hectic Firser, and Consumption. promotes a free and easy suppuration. A better article of the kird is not to be found. Price 50 cents. DR. BROTHERS' RHEUMATIC PILLS

These Pills are very efficacious in every case of Rheumatism, whether acute or chronic; and I am satisfied, from my own observation of their great efficacy in the worst and mest obstinate cases, that they are not surpassed, if they are indeed equalled, by any other pills of the kind in existence; they attenuate viscid humors, remove obstructions, regulate the system, purify the blood, and thus cure the complaint. The Rheumatic Liquid used with the Pills, to bathe the parts affected, will very much facilitate the cure. When the case is very obstinate, and does not yield readily to the above medicines, a Syrup made from the Alterative Powder, (which can be obtained at the same place with the Pills and Rheumatic Liquid,) must be taken according to directions accompanying it; but in most instances the Pills alone, or the Pills and Liquid, will remove the complaint in a short time. DR. BROTHERS' PILE ELECTUARY.

This preparation has been found on invaluable remedy for the Hemorrhoids, or Piles. It is given internally, to correct a faulty state of the bil ary or digestive organs, which produces costiveness, or a derangement of the bowels, and consequently the Piles.

Most of the remedies now in use for this dangerou.

Piles.

Most of the remedies now in use for this dangerou and painful affection, are directed to be applied externally; they do not remove the cause of the complaint, and can therefore afford only temporary reduced the reach of the reach o

plaint, and can therefore afford only temporary reitef. Again, the disease is often beyond the reach o
aid from external applications, an objection to which
this remedy is not liable, it being taken internally.
It is perfectly safe, pleasant to take, mild and easy
in its operation, and affords immediate relief.
It is equally efficacious in curing both the Blind
and Bleeding Piles. If the bowels are left costive
after the use of this medicine, a little physic may be
taken to regulate them. Having been trying the All
Healing Ointment in some very bad cases of Piles, I
hesitate not to assure the afflicted that it is a very
valuable-medicine, and an inestimable auxiliary to
the Electuary. I consider it the best external application, I have ever known. The Electuary is an internal remedy, and the Ointment as an external application, used in connexion, I doubt not would be effectual in the most obstingte cases, and must surpass
in all instances any other remedies for Piles to be
found. Price \$1.

TENTIMONY FR. M. NORTH CAROLINA.

Certificate of Dr. W. Smith, of Pine Hill, Rich mond County, North Carolina.

PINE HILL, March 4, 1854.

Dear Sir: I have been a subject of Dyspepsia, in its worst form, for the last five years. Such was my condition for twelve months that the physicians and all who saw me said I must die. While in this condition, I was carried to the watering places in Virginia, Tennessee, and North Carolina, but was not benefited by any water to which I was taken. While on my way home, I stopped a week at Rutherfordion, a small village in North Carolina, to try the effect of some Chalybeate water in that place. About the last of the week I went into a drug store to get some medicine for my child and myself. There were several of the fillage physicians in the store, and one of them seemed to take some interest in my case, and, after asking me some questions, said he had been a dyspeptic, and had been greatly benefited by the use of "Hoofland's German Bitters," prepared by yeu, and he insisted that I would try the Bitters. He also called the next day at my room, and insisted so much that I would try them that I asked him to get me one bottle. He did it, and I commenced taking it as directed, and I was more benefited by it than all the water and medicine I had ever taken.

After reaching home, one of my neighbors came to me for a prescription and medicine, (he a dyspeptic, and I gave him nearly all the Bitters I had left, which effected much good in his case. He has often called on me for more of the same kind of medicine, saying he was more benefited by it than any other he had taken, but I have not been able to get any more for him or myself since. Will you, therefore, please ship me a dozen or more as soon as possible.

Respectfully, yours,

It is only necessary to say, that after very many years of experience, and being fully conversant with all of the various kinds of Stoves which have been invented on the down-draft principle, that I have taken advantage of every well-known improvement that has from time to time heen made, particularly in reference to the formation and construction of the flues, which are always necessary to be large, and I have fully applied every improvement and combined them all in the "Sunrise Air-Tight Cooking Stove." This Stove is made very heavy, and is a good substantial article; I have made them extra heavy in all the parts where long experience has proved it to be important, and I can assure my customers that I have spared neither pains nor expense in getting it up; and it will not be excelled by any stove now known of a similar character; I am convinced that it will at once become a standard Stove.
